### EXPLANATION OF LETTER IN COLUMN OF TABLE FOR EACH MONTH:

*o* = outside. Sow seed where plants are to remain, thin out to proper distance.

*b* = box. Sow in seed bed or box where protection can be given if necessary, transplant when one or two inches tall to open ground.

*ob*. Sow preferably in seed bed or box and transplant, but may also be sown where plants are to remain.

*n* = house. Sow in box or seed pan in greenhouse or light room warm night and day or else cover box with light of glass at night and during storm; transplant when third leaf is developing, harden off gradually and plant out when weather is settled.
